

# SOLSTICE CELEBRATION

## Paqos From Peru

December 21<sup>st</sup> 2020

**Dear Soul Cosmic Family,**

We invite you to join us to celebrate the second solstice of the year, summer solstice in the south hemisphere.

Life is permanently connected to Pachamama and the cosmic world, we receive from the stellar universe the vital power that affects in our thoughts and behavior. The holy ancient places, the Apus and the lay lines of Pachamama will embrace this power to spread to all of us.

As we are living in strange times, living this hard process, the power of Pachamama will help us to clear and transform it into light.

Let's embrace the powerful energy of the solstice, it will help us in our process of evolving, growing, awakening a new global consciousness.

This event will be presented on Zoom. Time: **18:00 EU-time**

Cost: Donation (support to share with the Paqos and families)
